G'day (Employee name) and welcome to the TANDI community.

You now have access to the TANDI EMPLOYEE INDUCTION PACK, where you will see the entire TANDI employee induction course library.

Your email and login details are: "email"
Your Password is: "password"

Not all training modules may be applicable to you, so please speak to your Supervisor to determine which of these modules they want you to complete.

ALL inductees should complete the TANDI Tutorial – Training Lesson as a first step.

If you are directed to undertake any of the Safe Work Practice modules, you should complete both part 1 and part 2 of the Workplace Health and Safety module first.

Please go to https://tandi.com.au/my-courses/ to access your training.

Note, we highly recommend that induction training not be completed on a small mobile device (such as mobile phones). For more information about devices and browsers, please visit our Support Page at https://tandi.com.au/support/

Please feel free to provide feedback and recommendations.

Thankyou from the TANDI team.
